

ROY DIAMOND

B2B Diamond & Custom Jewellery Manufacturing Catalogue

Company Overview

ROY DIAMOND supplies diamonds and custom jewellery for B2B buyers, jewellery brands, wholesalers and export clients. This catalogue page is added to keep the website catalogue button working and to present the key product categories clearly.

Category	Available Options
Loose Diamonds	Round, fancy shapes, calibrated supply, lab-grown and natural diamonds
Certified Diamonds	IGI and GIA certified stones based on buyer requirement
Fancy Shapes	Oval, emerald, pear, marquise, heart, cushion, radiant, asscher, princess and more
Custom Shape Diamonds	Special cuts, calibrated sizes and buyer reference-based requirements
Jewellery Manufacturing	Rings, earrings, necklaces, pendants, bracelets and custom luxury pieces
Export Support	B2B inquiry support, requirement discussion, QC and packing

Inquiry Details

For exact price, availability, certificates, sizes and production timelines, please send the diamond shape, size, carat weight, quality, quantity, metal type and reference design through the website inquiry form or WhatsApp button.

Note: Replace the WhatsApp number in site-settings.js before publishing the website live.
